

## Build Center Composite Technician Level 2

Posted March 26, 2019

### Job Description

Lancair is looking for composite technicians with 2-3 years' experience to expertly perform lay-up and fabrication of composite "fiberglass" aircraft parts. Types of lay-up include major components and structures utilizing various types of resin infused carbon fiber and fiberglass.

A successful composite technician knows how to read, interpret and build from engineering and assembly drawings, work instructions, and build to process specifications. Lancair composite technicians will be working in various build center positions. Job duties can include multiple fabrication responsibilities such as hand fabrication of composite parts, tooling preparation and maintenance, cutting and trimming of various manufacturing materials, oven operation, and many more manufacturing / build processes.

### Competency/Position Requirements:

- A composite technician will have the ability to lift up to 75 lbs., work in a team environment, be dependable, have a passion for learning and possess attention to detail.
- All build center employees must have a basic ability to use or learn to use a computer to access Lancair Aircraft electronic data & software.
- Manual Dexterity: You will need to use your hands with precision on small items and in small spaces. You must be quick and confident with your hands.

### Qualifications:

- Good work history required. Ability to pass pre-employment drug test.
- Team Player: Works well as a member of a group
- Innovative: Consistently introduces new ideas and demonstrates original thinking
- Detail Oriented: Capable of carrying out a given task with all details necessary to get the task done well
- Self-Starter: Inspired to perform without outside help
- Growth Opportunities: Inspired to perform well by the chance to take on more responsibility
- Goal Completion: Inspired to perform well by the completion of tasks

### Education and/or Experience:

- High School Diploma or GED required

### Reporting Relationships:

- Reports to the assigned Crew Lead

### Compensation

- Base Salary
- Benefits Package
- Health Insurance
- 401(k) Investment Plan
