

Avionics Technician / Installer

Posted July 22, 2019

Job Description

Lancair is looking for a highly motivated and experienced avionics technician/installer for our rapidly growing avionics department. This is an hourly / non-exempt position and will report directly to the Avionics Manager.

Since 1981 Lancair International has manufactured high-performance aircraft. As an aviation developer of such aircraft we support the new and the existing fleet of Lancair aircraft platforms. With a worldwide customer base of over 2,200, being a part of this historic company and community is a great opportunity to support and grow with us.

Duties & Responsibilities:

- Applies technical knowledge of and experience with avionics systems to install, troubleshoot and maintain all wiring on aircraft. Restores aircraft to safe, airworthy condition
- Perform basic soldering, harness build up and installation including wire stripping and crimping, fault isolation and repair of avionics systems malfunctions.
- Factory bench building of avionics/aircraft electrical systems and installation of harnesses.
- Maintains equipment, tools and facilities in serviceable and working condition

Credentials:

- Coursework and experience in fixed wing avionics and electrical systems
- Aviation experience is required. No exceptions
- Candidates must provide their own basic hand tools
- Previous Repairman Certificate and FCC GROL a plus

Experience:

- Technician with verifiable general aviation, all-around flightline avionics experience
- Avionics system installation and avionics troubleshooting on aircraft
- Ability to work off of drawings and perform installs
- Tech savvy with experience installing harnesses and programming
- Lancair Aircraft and Cessna Citations a plus
- Garmin G600, G1000 and G3X

Physical:

- Position requires frequent bending, crouching, crawling, reaching while working in close or cramped quarters
- Must be able to work in environment that is not temperature/humidity controlled
- Must be able to work on your feet hours at a time

Compensation

- Competitive Hourly Wage
